Item:
Approval lubricant – Hessol Gasmotorenöl SAE 40

Dear sir or madam,

with this letter you get the approval for your lubricant

"HESSOL GASMOTORENÖL SAE40"

for MWM gas engines with increased pollutant concentration (e.g. biogas units). The increased content of sulphate ash did not generate raised disposal.

In the next edition of our technical circular 0199-99-2105 for MWM gas engines we will include Gasmotorenöl SAE40 in the group of approved lubricants with sulphate ash 0,5 – 1,0 weight %.

We hope you will be successful with your products in the future and thank you for the good cooperation.

Best regards,

MWM GmbH

i. V. Karl Stellwagen
